STATE OF NEW HAMPSHIRE.

*To the inhabitants of the town of Goffstown, qualified to vote in town affairs :*

You are hereby notified to meet at the town-house in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects :

1. To choose a moderator to preside in said meeting.
2. To choose three selectmen, town treasurer, and clerk.
3. To choose a collector of taxes, and all other necessary town officers and agents for the year ensuing.
4. To raise such sums of money as may be necessary for the support of schools ; for paying the town debts and defraying the interest thereon, and for other necessary charges arising in said town ; for laying out and repairing highways and sidewalks, and building and repairing bridges ; for the maintenance of the poor ; for schoolhouses, and to establish and maintain public libraries, cemeteries, and parks or commons, and to improve the same ; to prepare and publish the early history of the town, and for decorating soldiers' graves.
5. To hear the reports of the town treasurer and board of selectmen to the town auditors, the reports of the auditors, agents, committees, or other officers heretofore chosen or appointed, and to pass any vote relating thereto.
6. To see what action the town will take in relation to purchasing one or more road rollers, and raise the money to pay for the same.
7. To see what action the town will take in relation to enlarging the cemetery at the West Village, and make the necessary appropriation therefor.
8. To see what action the town will take towards furnishing scenery and furniture for the stage and platform in the town hall, and raise the money therefor.

Given under our hands and seal this 21st day of February, A. D.  
1891.

GEORGE W. COLBY,  
CHARLES E. POLLARD,  
SELWIN T. MARTIN,

*Selectmen of Goffstown.*

*To the tax-payers of Goffstown :*

In making the annual report of the receipts and expenditures of the prudential affairs of the town for the fiscal year ending February 24, 1890, we desire to say that we have unavoidably increased the debt of the town for several reasons. First, a large amount of 1889 road bills were presented for payment ; also an expenditure of almost eleven hundred dollars for school books ; the salary of both school boards for two years ; building the new street near S. M. Christie's at an expense of about one hundred and twenty-five dollars, which was laid out in 1889 ; and, as you will see in the report on the expenditure on highways and bridges, they are unusually large on account of the uncommon amount of rain, which in many places made it necessary to expend an extra amount of money to make them reasonably safe to accommodate the business of the public ; also the extra expenditure on account of infectious diseases of horses, and of that much dreaded disease of cows, — tuberculosis.

We thought that some explanation of the following report might be of interest to you, that you might be better qualified to comprehend the financial expenditures of the town, which we respectfully submit.

## OF THE

### BOARD OF EDUCATION OF THE INDEPENDENT DISTRICT.

*To the Board of Education of the Town of Goffstown :*

In compliance with the statute we submit our report of the schools in the independent district. Each of the schools has had thirty-two weeks of schooling, except the primary, that was opened with the fall term and has had twenty-one weeks. The whole number of scholars attending during the year has been 191.

The number in attendance each term has been as follows, viz :

SCHOOLS.	First Term.	Second Term.	Third Term.
High school .....	36	38	39
Grammar school.....	39	40	38
Intermediate school.....	46	30	28
Middle school.....	54	36	36
Primary school .....	..	36	33
Total.....	175	180	174

The crowded condition of the two lower rooms in the spring term led the district to fit up the unfinished room in the building, and with the opening of the fall term a new school was established. There has been no change in the corps of teachers. Mr. Pearse has had charge of the school as principal seven terms and has given good satisfaction. Miss Cynthia Worthley has completed her twenty-ninth term of service here and we do not hear of any parent or scholar who wants her to leave. Her long service is a sufficient recommendation. Miss Alice Lull and Miss M. E. McLane have taught in the school six terms each, and each term with increasing success. Miss Mary A. Warren has had the charge of the new school. Miss Warren was a former pupil in our school, and after graduating from the high school took a two

years' course in the State Normal School. She is proving herself an excellent teacher. We think her success as an inexperienced teacher due in no small degree to the instruction of the normal school.

It is a pleasure to us to commend our teachers. They have been earnest and faithful. It has been our policy to sustain and help them. We have encouraged them to seek for and adopt the best methods of instruction, and have cheerfully granted them the opportunity to attend the teachers' institutes and the state teachers' association, and we think their better school work fully justifies the course pursued.

Miss Grant has continued her instruction in vocal music with gratifying success. Omitting the high school, she has given a weekly lesson in each of the other schools. She has received the hearty co-operation of the teachers and with the assistance they are now able to give the progress is quite satisfactory.

A part of the time heretofore given to penmanship has during the past term been devoted to drawing. The work was new to some of the teachers, and they have all sought to qualify themselves for it, and have entered cheerfully into the arrangement and have accomplished as good results as could reasonably be expected.

It has been the custom to give the school a recess of fifteen minutes each half-day, and this time was generally spent by the scholars out of doors in noisy and sometimes rough play. This exposed them to sudden changes and resulted in frequent colds. In place of this out-door recess during the winter term, the windows of the schoolroom have been thrown open and the scholars exercised in the room for five minutes and the school closed ten minutes earlier. The plan has worked well; better order has prevailed, there has been less sickness, and those living at a distance have had more time to go to their homes at noon. A few complaints have been made, but the occasion for them was exceptional and we think may be hereafter avoided.

The system of free text-books is a great help to the school and a great relief to many a poor man. There has been a little friction in its introduction, arising principally from the fact that under the law independent districts were dependent on the town board of education for their supplies. This unavoidably caused

delay and unnecessarily complicated the matter. We thank you for the readiness you have ever manifested to meet our requirements, and hope that by a change in the law empowering each district to procure and pay for its own books and supplies you may be relieved of this work. The books and supplies furnished have been carefully and prudently used as a rule, but a few of the books have been unnecessarily injured and will be paid for when the price is given to us. We would request that each delivery of books be accompanied by a price-list.

A year ago the school gave an entertainment and from the funds obtained it has recently purchased an encyclopedia of English literature, four volumes; Brown's Grammar of English Grammars; two dictionaries; two Gem pencil sharpeners; an air pump and other philosophical apparatus. It also raised the money and purchased a flag for the school building. It was raised on Memorial Day with very interesting exercises, consisting of patriotic songs, recitations, and addresses.

The following is a list of studies pursued and number in each study :

Arithmetic, 111; penmanship, 134; drawing, 148; reading, 163; spelling, 123; geography, 84; number, 70; language, 37; grammar, 73; history, 37; physiology, 12; book-keeping, 11; algebra, 5; geometry, 4; astronomy, 12; botany, 10; vocal music, all in school.

The average attendance has been 93 per cent. The best has been in the high school, 97 per cent; the lowest in the primary, 91 per cent; the grammar, 92 per cent; the intermediate, 94 per cent, and the middle, 93 per cent.

This is a better result than is sometimes attained, but we know of no reason why the grammar and intermediate should not equal the high school. Their failure to do so is the result of indifference or carelessness. The average loss to the school is 7 per cent. This does not seem a large amount, but reduce it to whole numbers and it looks differently. The school year is 32 weeks, 160 days. We have 175 scholars, each entitled to 160 days, the whole to 28,000 days. Seven per cent of this is 1,960 days, paid for by the district and lost by the school. This is not all; add tardinesses and dismissals, 369 of one and 167 of the

other. Each tardy mark means probably a half-hour, and each dismissal one hour, a loss of 356 hours, almost 60 days—a grand total of over 2,000 days lost. Why will not parents help to remedy this evil?

An examination of the register reveals the fact that in absence and tardiness the boys excel, while on the roll of honor and scholarship the girls lead. Is this a mere coincidence? The course of study has been revised, adapting it to the text-books now used, and is appended hereto.

A large number of the citizens have visited the schools, but too many of them delay their visit till the last day of the term. They would be just as welcome on an earlier day, and we think the change would be more helpful to the scholar and more encouraging to the teacher, and quite as satisfactory to the visitor.

# REPORT

OF THE

## SCHOOL BOARD OF THE DISTRICT OF THE TOWN OF GOFFSTOWN.

---

In presenting our report for the year it is with a feeling of pleasure that we note a commendable degree of improvement as well as a greater degree of interest manifested on the part of parents, as shown by more numerous visits.

In securing teachers we have endeavored to get the best we could for the money. It must be apparent to any one giving the subject attention that no lady can afford to fit herself in the manner the present time demands and teach school for six dollars a week, and the time has already come when an advance of wages to the proper persons must be made, in hope of receiving a corresponding value. We have been pleased in the main with the work and energy of the teachers. They have learned by experience and profited by attendance upon the institutes and study of educational journals.

We think there is greater need of instruction in those things that will fit our scholars for the active concerns of life, those things that will fit them to live in New Hampshire. They should be taught to cast annual interest by the New Hampshire court rule, to make out a tax as the statutes of New Hampshire prescribe, to express their ideas in clear, terse sentences — in short, those things that will fit them for future duties, more of the practical and less of the theoretical.

We would recommend raising a sufficient amount of money to prolong our schools to thirty weeks, and three hundred dollars for repairs.

We desire to thank the parents for their hearty co-operation in our work and the teachers and scholars for the welcome we have always received.

#### MOUNTAIN.

The spring term was taught by Miss Nellie J. Colby. The school closed very abruptly on account of sickness in the family of the teacher, and it was not our privilege to be present at its close. The winter term of seven weeks was taught by Miss Alice M. Baker. Miss Baker awakened quite a degree of enthusiasm, and for so small a school a very creditable examination was enjoyed.

ROLL OF PERFECT ATTENDANCE — *First term*: Mabel A. Pierce, Edith M. Pierce.

*Second term*: Edith M. Pierce.

#### SHIRLEY HILL.

Spring and fall terms taught by Miss Georgia E. Cram; winter term, Miss Carrie A. Tirrell. This district was fortunate in having thirty-one weeks of good schooling, although the winter school was somewhat broken by sickness.

ROLL OF PERFECT ATTENDANCE — *First term*: Annie O. Shirley, Bert Handley, Fred M. Tennant.

*Second term*: Fred M. Tennant.

*Third term*: Walter H. Bartlett, Golden Mooers, John W. Regner, Cora A. Mooers.

#### KENNEDY HILL.

Spring and fall terms taught by Miss Carrie A. Tirrell. This is the banner district in patriotism, it being the only district where a flag has been raised, the occasion of which furnished quite an enjoyable entertainment, being brought about through the efforts of Miss Tirrell and W. Lewis Roberts. A good interest was maintained in school, and a very commendable improvement was manifest.

The winter term was taught by Miss Georgia L. Barnard. With a school of only three scholars, but one day was missed by one scholar, a record some larger schools would do well to fol-

low. Miss Barnard is a successful teacher, and did good work.

ROLL OF PERFECT ATTENDANCE — *First term* : E. Maude Kendrick, A. Eva Kendrick, Alice Roberts, H. Lillian Roberts.

*Second term* : E. Maude Kendrick, A. Eva Kendrick, Cora E. B. Kendrick, George E. Roberts, H. Lillian Roberts, Alice Roberts.

*Third term* : E. Maude Kendrick, Cora E. B. Kendrick.

#### MAST ROAD.

The three terms in this district were taught by Miss Helen M. Barnard. Miss Barnard is one of our best teachers, and she labored with diligence for the good of the school, and good advancement was made by the scholars.

ROLL OF PERFECT ATTENDANCE — *For the three terms* : Arthur Cranshaw, George R. Cranshaw.

*For two terms* : Willie W. Plummer, Adelbert E. Gould, Bertha A. Gould.

*For one term* : Arthur Whipple, Maurice Whipple, May B. Tirrell.

#### EAST PART.

Spring and fall terms taught by Miss Clara A. Greer, and the school made marked improvement during each term.

The winter term was taught by Miss Ethel L. Kimball, it being her first term of teaching. Miss Kimball entered this work with great zeal, and if some of the pupils had not got a little off from the right track this term would have stood well with the previous ones. Very good advancement was evidenced by the examinations.

ROLL OF PERFECT ATTENDANCE — *First term* : Edith Merrill, Wesley S. Merrill.

*Second term* : Edith Merrill, Wesley S. Merrill.

*Third term* : Edith Merrill, Wesley S. Merrill, and Grace M. McDuffee.

#### TEBBETTS HILL.

Spring term taught by Mr. S. E. Aiken. Mr. Aiken began his work as a teacher in the West, and this was his first term in his

own town. The examinations showed that fairly good progress had been made.

Fall term taught by Miss Abby M. Woodman, it being her first experience as a teacher.

Winter term taught by Mr. Aiken, and so far as we could see and learn, the work of the term had been well done.

ROLL OF PERFECT ATTENDANCE — *First term* : Elmer M. Cleveland, Henry H. Cleveland, Frank J. Heap, Charles A. Little, Dora E. Whipple.

*Second term* : Frank J. Heap, Charles A. Little.

*Third term* : Elmer Cleveland, Daniel M. Hadley, Charles A. Little, and Herman Whipple.

#### CENTER GRAMMAR.

Spring term taught by Mr. Ned H. Roberts. This was the second term by Mr. Roberts in this school. The closing examination evidenced the fact that the pupils who continued in attendance throughout the term made good progress in their school work.

Fall and winter terms taught by Mr. W. H. Huse, of Manchester. This was the first work of Mr. Huse as teacher. He proved his capability as an educator by nearly perfect satisfaction to both pupils and parents.

The board regret exceedingly that there was no pupil during the three terms who merited a place on the roll of perfect attendance.

#### CENTER PRIMARY.

Spring term taught by Mrs. Nellie E. Whitney. Mrs. Whitney has proved a hard-working, successful teacher, and the advancement made during the term was commendable.

Fall and winter terms taught by Miss Clara M. Martin. Very commendable improvement was made during each term.

ROLL OF PERFECT ATTENDANCE — *First Term* : Edith P. Sweetzer, Ida B. Merrill, Madie A. Frost, Harry S. Greer, Harry S. Kidder.

*Second Term* : Bertha Harris, Henry Foster, Harry S. Greer, Alfred Merrill, Melvin Perkins.

*Third Term:* Martha Adams, Jemima Merrill, Ida Merrill, Fred George, Harry S. Greer, Albert Kidder, and Melvin Perkins.

#### PATTEE HILL.

The spring term was taught by Mr. George P. Hadley. Mr. Hadley is an experienced teacher, and he gave the school the benefit of it, as the examination showed. The parents, teacher, and scholars of this district very appropriately observed Arbor Day by setting out around the school yard ten nice shade trees, which in after years will be a blessing to the children who shall gather beneath their branches. After the trees were set the teacher invited all into the schoolhouse, and teacher and scholars gave some good selections appropriate to the occasion. After the exercises lunch baskets were opened, and a jolly good time was enjoyed by all.

The fall and winter terms were taught by Mr. Fred R. Davis. This was Mr. Davis's first school. The examinations at the close of each term showed that good progress had been made.

ROLL OF PERFECT ATTENDANCE — *First Term:* Maurice E. Blaisdell, Henry A. Woodman, Mary E. Hazen, Ina L. Pattee, Bertha M. Pattee, Jennie B. Martin, Abbie M. Woodman.

*Second Term:* Herbert E. Martin, Idella J. Kidder, Etta M. Tenney.

*Third Term:* Herbert E. Martin, C. Fred Story, Herbert Kidder, Bert A. Whipple, Henry A. Woodman, Ira L. Pattee, Grace M. Richardson.

#### PAIGE HILL.

The spring term was taught by Miss Clara M. Martin. We found some smart scholars in this district. Miss Martin labored faithfully, and the school gave good results.

The fall and winter terms were taught by Miss Josie E. Paige. This was Miss Paige's first school; the scholars made good progress under her instruction.

ROLL OF PERFECT ATTENDANCE — *Three Terms:* M. Elsie Moore.

*Two Terms:* Flora A. Paige, Jennie M. Paige.

*One Term:* Lottie W. Manning.

### PARKERS.

Miss Annie M. Shedd taught the three terms. This was Miss Shedd's first experience as a teacher, and her success for the past year has been such as to warrant further efforts in that calling. The school made good improvement under her instruction, and her faithful labors were appreciated.

ROLL OF PERFECT ATTENDANCE.—*First Term:* Arthur S. Pierce.

*Second Term:* Harry C. Colter.

*Third Term:* Arthur S. Pierce, Harry C. Colter, Frank E. Moore, Maurice A. Wheeler.
